Ohio Incumbent Workforce Training Voucher Program

Guidelines FY'18

The Ohio Incumbent Workforce Training Voucher Program ("Voucher Program") is an employer-driven program designed to provide direct financial assistance to train workers and improve the economic competitiveness of Ohio's employers. The Voucher Program is designed to offset a portion, via reimbursement, of the employer's costs to upgrade the skills of its incumbent workforce. The Voucher Program will provide reimbursement to eligible employers for specific training costs accrued during the course of training. Eligible employers must demonstrate that by receiving funding assistance through the Voucher Program their business will not only obtain a skilled workforce, but will also improve their company processes and competitiveness.

Program Eligibility:

To be eligible for financial assistance, the following requirements must be met by both the employer and employee.

EMPLOYER ELIGIBILITY – an eligible employer must operate as a for-profit entity in a state-designated targeted industry, with a facility located in Ohio that has been in continuous operation for the 12 months immediately prior to the application submittal. The company's NAICS code (www.naics.com) will determine eligibility as to the targeted industry. A listing of eligible NAICS codes can be found on our website.

Targeted industries are:

- Advanced Manufacturing
- Aerospace and Aviation
- Automotive (Automotive Technicians)
- Automotive (Manufacturing)
- BioHealth
- Corporate Headquarters
- Financial Services
- Food Processing
- Information Technology and Services
- Logistics
- Polymers and Chemicals

- I have read and understand the Ohio Incumbent Workforce Training Voucher Program Guidelines
- I Understand that when requesting reimbursement, the company will be required to provide the last four digits of the trainee's Social Security Number and date of birth.
